EM Interest Rate Swaps

As the market leading platform for EM Interest Rates Swaps, our entire offering can be viewed on one customizable screen, with configurable pages to reflect the specific products you want to trade. Available currencies: BRL, CLP, CNY, COP, CZK, HKD, HUF, ILS, INR, KRW, MXN, PLN, SGD, THB, TWD and ZAR.

Hard & Local Currency Bonds

Our comprehensive offering allows you to trade hard and local currency sovereign, quasi-sovereigns and corporate bonds seamlessly. Our suite of pre-trade transparency tools will give you all the information you need to make informed trading decisions. Access flexible disclosed and anonymous trading protocols – RFQ, Voice, AiEX (Automated Intelligent Execution) – and a broad range of liquidity pools including institutional, inter-dealer and retail markets via Tradeweb AllTrade (A2A) cater to your particular trading strategy.

Local currency bonds available on Tradeweb: BRL, CLP, COP, CZK, HKD, HUF, IDR, ILS, KRW, MXN, MYR, NGN, PLN, RON, RSD, RUB, SGD, THB, TRY, and ZAR.

Portfolio Trading for EM Hard Currency

Portfolio Trading allows you to execute a package of hundreds of bonds (in-comp or non-comp) in a single transaction, discreetly and efficiently. Through the electronification of your portfolio trades on Tradeweb, you'll find better liquidity, reduce the risk of human error, and ensure a more minimal information leakage.

EM Index & Single Name CDS

Tradeweb provides access to real-time pricing, axes, and market liquidity from leading dealers and is fully integrated for seamless clearing and reporting.

Chinese Bond Market

As the first platform to provide electronic access to the local Chinese bond market, you can now trade all eligible Chinese Interbank Bond Market (CIBM) instruments – including Chinese government bonds, local government bonds, policy bank bonds, certificates of deposit, commercial paper, corporate bonds, ABS – transacted via Bond Connect Company Limited (BCCL) and CIBM Direct.
