

NEWS RELEASE

Tradeweb Launches Spotlight Dealer Diversity Program to Promote Diverse Dealers

New program increases access to diverse dealers throughout the fixed income trading workflow from RFQ to execution and settlement

NEW YORK – June 23, – Tradeweb Markets Inc. (Nasdaq: TW), a leading, global operator of electronic marketplaces for rates, credit, equities and money markets, today announced the launch of its Spotlight Dealer Diversity Program ('Spotlight Program'), designed to promote diverse dealers on the Tradeweb platform. Tradeweb made the announcement today at the 2022 Fixed Income Leaders Summit in Nashville, TN.

Developed collaboratively over the past year with feedback from members of the buy-side and dealer communities, the Spotlight Program supports the advancement of Tradeweb's diverse dealer community through a combination of individual dealer profiles, direct consultation and other promotion programs designed to bring more visibility to diverse dealers operating in electronic markets. In addition, Tradeweb enhanced its request-for-quote (RFQ) trading workflow to more prominently expose diverse dealer liquidity to Tradeweb's participating buy-side clients, further strengthening engagement between diverse dealers and buy-side users on the platform.

Tradeweb's diverse dealer community includes, among others, firms owned by women, veterans, individuals with disabilities and members of underrepresented racial and ethnic groups. The first protocol enhancement the firm is launching under the Spotlight Program is for RFQ users on Tradeweb's U.S. Credit platform. Over time, Tradeweb expects to expand the program to include additional asset classes, protocols and promotional initiatives.

Billy Hult, President and CEO-Elect at Tradeweb, said: "The financial services industry has made enormous progress toward recognizing the importance of diversity, but if we're going to affect meaningful, long-term change, we need to look hard at the underlying systems and processes that drive our financial markets and make sure diverse dealers can leverage electronic trading in a meaningful way. With our Spotlight Program, we've worked closely with the industry to create a holistic solution that promotes greater diversity and inclusivity among market participants."

Dealers that have already signed on to the Tradeweb Spotlight Dealer Diversity Program include:

Academy Securities	Loop Capital Markets LLC
Bancroft Capital, LLC	Mischler Financial Group
Cabrera Capital Markets, LLC	Multi-Bank Securities, Inc.
CastleOak Securities	Penserra Securities LLC
C.L. King & Associates	R. Seelaus & Co., LLC
Drexel Hamilton	Samuel A. Ramirez & Co.
Great Pacific Securities	Tigress Financial Partners

Samuel A. Ramirez Jr., Senior Managing Director at Samuel A. Ramirez & Co. said: "As a leading investment firm and longstanding partner of Tradeweb since its founding over 25 years ago, we appreciate the opportunity to be highlighted as the first dealer to participate in the Spotlight Program. By finding ways to promote diverse dealers and make them more prominent in the trading workflow, the Spotlight Program captures both the human and technical sides of the equation to level the playing field in a practical, meaningful way."

Chris Bruner, Managing Director and Head of U.S. Institutional Fixed Income at Tradeweb, said: "This enhanced workflow for U.S. Credit will provide an added level of choice and control in the way buy-side users trade. Buy-side users can access competitive pricing through Tradeweb's RFQ process while strengthening their long-term relationships with diverse dealers."

Forward-Looking Statements

This release contains forward-looking statements within the meaning of the federal securities laws. Statements related to, among other things, our outlook and future performance, the industry and markets in which we operate, our expectations, beliefs, plans, strategies, objectives, prospects and assumptions and future events are forward-looking statements.

We have based these forward-looking statements on our current expectations, assumptions, estimates and projections. While we believe these expectations, assumptions, estimates and projections are reasonable, such forward-looking statements are only predictions and involve known and unknown risks and uncertainties, many of which are beyond our control. These and other important factors, including those discussed under the heading "Risk Factors" in documents of Tradeweb Markets Inc. on file with or furnished to the SEC, may cause our actual results, performance or achievements to differ materially from those expressed or implied by these forward-looking statements. Given these risks and uncertainties, you are cautioned not to place undue reliance on such forward-looking statements. The forward-looking statements contained in this release are not guarantees of future performance and our actual results of operations, financial condition or liquidity, and the development of the industry and markets in which we operate, may differ materially from the forward-looking statements contained in this release. In addition, even if our results of operations, financial condition or liquidity, and events in the industry and markets in which we operate, are consistent with the forward-looking statements contained in this release, they may not be predictive of results or developments in future periods.

Any forward-looking statement that we make in this release speaks only as of the date of such statement. Except as required by law, we do not undertake any obligation to update or revise, or to publicly announce any update or revision to, any of the forward-looking statements, whether as a result of new information, future events or otherwise, after the date of this release.
